COMMERCIAL MATTERS.

A Bill has passed the Legislature of Louisiana, authorizing the Citizens' Bank of New Orleans to increase its active capital one million dollars, by converting into cash shares to that amount now mortgaged to the Bank.

A Bill has passed both branches of the Louisiana Legislature, and only awaits the signature of the Governor to become a law, authorizing a subscription in behalf of the State to the capital stock of the New Orleans and Jackson, the New Orleans and Opelousas, and the Shreveport and Vicksburg Railroads. The amount of the authorized subscription to the Great Northern Road is \$1,000,000; that to the Western, \$1,200,000; and that to the Vicksburg and Shreveport Road, \$800,000—all of which is to be paid by the Bonds of the State as fast as the installments fall due. For the payment of the Bonds and accruing interest, the shares of stock subscribed and all revenues that may be derived therefrom, are set apart to remain forever pledged.

The Philadelphia North American in noticing the unusual subscription by the Pennsylvania Railroad Co., to the Marietta and Cincinnati Railroad, says:

The Bank of the State of New York has declared a semi-annual dividend of four per cent, payable on the 10th of May. The Boylston Bank, Boston, has declared an extra dividend of six per cent.

The Stock Market was dull in the forenoon, and prices decidedly favored sellers in the face of an easy Money Market. As compared with the sales of Friday morning, Hartien declined 11, Erie 11, Crystal Palace 1, Hudson River Railroad and Paier's Vein 1, Morris Canal 1, Pennsylvania and Cumberland 1, Norwich and Worcester 1.

Sterling Exchange for the steamer closed with more firmness.

1094 & 1094 may be quoted as the extremes and 1082 & 1091 for Produce Bills. In France the operations were large at 515 & 513.

In Freights to Liverpool there is less offering, the rates are first at Ed. for Grain; 28, 31, for Flour, and Heavy Goods at 228, 229, 61. To London there is no change, with little offering. To Glasgow 400 bbls. Resin was taken at 28, Ed. The Shipping and Commercial List thus details the engagements of the past three days: Previous to yesterday, there was but little done, but yesterday the engagements of Cotton were very large, and there was also considerable Grain taken. The engagements since our last (including the Henry Grinnell, Vanguard and George Washington, with full cargoes Cotton and Grain, and the E. Z. with Grain, Flour, Tallow, &c.) are upward of 10,000 bbls. Cotton, 1st comp., at Ed.; 63,000 bush. Corn and Wheat, 5d. & 6d.; 5,500 bbls. Four, 2a, 2a, 3d, 100 hds. Tallow, 22s. 6d.; 2,000 hds. Beeswax, 1d.; 5,000 Staves, 45s. and 1,700 bbls. Resin, 9d. To London, 2,000 bbls. Flour, 8s. 7d. & 8s. 10d.; 75 tons Bacon, 30s.; 100 bbls. Pork, and 50 Resin, 8s. 6d.; and 50 tons Resin, 8s. 6d. To Havre, there is little offering. To Amsterdam, 100 bales Cotton, 1st of a cent.; 1,400 bbls. Resin, 3s. 6d.; 8,000 Light Pipe Staves, 8d.; and to Rotterdam, 600 Resin, 3s. 6d. To Hamburg, 150 bbls. Sugar, 35s.; 300 bales Cotton, 9d. of a cent.; 400 bags Coffe, 1c.; and 70 tons Measurement Goods, 22s. 6d. To Antwerp, 30 tons Measurement Goods, 32s. ed.; 1,000 bbls. Resin, 3s. 6d.; 2,000 bags Sugar, 37s. 6d.; 1,500 Coffe, 1c.; and 320 Cocoa, 1c.; and 70 casks Ashes, 2s. To Australia, there is little going forward—we notice no change. To China, which it is to traverse, as well as the constantly expanding region of the South west, were of inestimable value to this city, we have not ceased to urge its claims upon our citizens.

With the demonstrations made in favor of this road by the City Council, the Commissioners of the Districts of the Northern Liberties and Spring Garden, and the Commissioners of the county of Allegheny, who, in their proper representation, voted to make the subscription referred to in addition to the unanimous expression of confidence given by the private stockholders, after long and patient and critical examination, it stands eminently high among the enterprises which offer opportunities for investment, and its bonds will no doubt be sought with avidity by capitalists. The President of the Company, Mr. Cutler, is esteemed throughout Ohio as a man of superior intelligence and integrity, and is surrounded by a Board of reliable, discreet, capable and substantial Directors, who, with the prudent care, with the natural advantages it possesses, joined to the collateral aids it now command, and which will constantly increase, the road must abundantly prosper."
